

# MultiService

The payment system to automate up to 6 different time services.

Particularly suitable for outdoor application, "MultiService" activation system is ideal to manage up to 6 payment systems.

It can be used where it is necessary to automate the payment of several services, e.g. service areas, tourist and sports structures, public services, time lighting.

Entirely waterproof and particularly sturdy to be resistant to atmospheric agents and vandalism.

Provided with EuroKey Plus cashless system and, as an option, with RM5 Evolution electronic coin mechanism.

The service can be automatically activated by introducing the coin or by selecting the corresponding buttons.

The service can continue, if already in progress, by introducing additional credit.

Fig. 4

## General characteristics

Thick, waterproof steel sheet treated to be resistant to atmospheric agents (protection degree IP35).

Minimum depth.

High safety lock.

Rear cable exits.

Membrane service activation keyboard with 6 selection buttons.

4-digit display with 7 segments (Fig. 1).

Internal on/off switch.

Boards and electromechanical components assembled on a tilting device for easier maintenance.

## Functionality

It can manage up to 6 different types of services.

It allows to enjoy all advantages provided by EuroKey Plus cashless system: customer loyalty, eliminating cash circulation, use of one payment system for different equipment (Fig. 2).

As an option it can be provided also with RM5 Evolution electronic coin mechanism (Fig. 3).

## Technical characteristics

Dimensions (lxhwxw) (mm)	173 x 332 x 164
Weight (Kg)	8
Installation	wall
Input voltage	
Mains version	230 Vac $\pm$ 10%
Low voltage	18 $\div$ 34 Vdc $\pm$ 10% or 12 $\div$ 24 Vac $\pm$ 10%
Input	40 W
Outputs	relay, current 4A a 230 Vdc

## Coin capacity

	0,50	1,00	2,00
Cashbox	400	400	320

## Tools

### Programmer

The portable tool to carry out programming and configuration directly on site. Provided with software, it can be used for both RM5 Evolution and EuroKey Plus.

### Box Audit

To download and store audit data of up to 80 different equipment. The memory can be read via a simple USB connection to pc.

### Adjusting file for Euro coins

Can be downloaded free of charge from Comestero Group website.
